

# TASTING NOTES ERA`S Cinsaut Rosé 2023

## WINES FROM ERA

The wine presents an alluring, clear red color in the glass, reminiscent of a pristine ruby. This aroma is not overpowering but rather gently coaxes the senses, preparing the palate for the first sip.

The wine is light-bodied with a refreshing acidity that dances on the tongue. The Cinsaut berries again make their presence known, imparting a slight berry flavor that is both clean and subtly complex. This finish is not overly long but leaves a delightful, almost teasing impression, inviting another sip. The aftertaste balances perfectly with the wine's overall lightness, ensuring that it remains enjoyable and moreish.

It pairs well with light appetizers, seafood, or simply enjoyed on its own, making it a versatile addition to any wine enthusiast's collection.
